I would like to say what a fabulous job everyone did!

I must say that each person, even those with zero experience working an election, took on your position with great care for the election process. And, an extra thank you to the experienced workers mentoring and welcoming the newcomers. I can honestly say that it was the best run election in our county and went smooth as silk all due to your huge contribution. I couldn't have done it without YOU!

Each position played out at this election was vital in making the whole process work and I was pleased to see how everyone work so well together. It certainly was a terrific group to work with and amazingly you all had smiles on your faces at the end of a very long, long day.

Thank you on behalf of all Town of Oshkosh residents in making their vote count.

Jeannette Merten
Town of Oshkosh Clerk
